LIFE COVER

This insurance can be taken out as an additional insurance to the core Medical and Assistance plan and guarantees the payment of a lump sum in case of death due to any cause.

Why?

Choose between a minimum sum of €50,000 | \$65,000 and a maximum sum of €500,000 | \$625,000. In the unfortunate event of the insured's death, this lump sum amount will be paid out to the designated beneficiary, offering protection and financial support to the family.

ACCIDENTAL DEATH AND INVALIDITY

This insurance can be taken out as an additional insurance to the core Medical and Assistance plan, and guarantees the payment of a lump sum in case of accidental death or in case of permanent invalidity caused by an accident.

Why?

In the event of an accident, accidental death and invalidity insurance provides your family financial protection in the form of a lump sum.

The amount of the lump sum is chosen by the insured member and shall be between a minimum of €50,000 | \$62,500 and a maximum of €500,000 | \$625,000.

In case of death caused by an accident, the beneficiary will be paid a lump sum of the amount insured. In case of permanent invalidity of the insured caused by an accident, the lump sum

payable to the insured member will be equal to the amount of the sum insured multiplied by the degree of invalidity.

TEMPORARY INCAPACITY

This insurance can be taken out as an additional insurance on top of the medical and assistance plan, and guarantees payment of a monthly allowance in case the insured is totally unable to perform his/her professional activities because of illness or accident.

Why?

If you cannot work as a result of an illness or injury, Temporary Incapacity insurance provides you with a monthly allowance. This replacement income offers you and your family the financial support needed following such an event.

Paid out in the form of a monthly allowance during a maximum period of 2 years, this cover can be taken out by expatriated employees. A minimum monthly allowance of €1,000 | \$1,250 and a maximum monthly allowance of €10,000 / \$12,500 can be insured. The amount insured cannot exceed 80% of the insured's gross (monthly) salary, nor can it exceed an amount of €10,000 | \$12,500 per month.

PERMANENT DISABILITY

This insurance can only be taken out as a supplement to the Temporary Incapacity insurance and guarantees the payment of a monthly allowance to the Insured who is affected by a permanent disability caused by illness or accident, prohibiting him/her from fully or partially continuing his/her professional occupation, therefore leading to a total or partial loss of income.

Why?

Permanent Disability insurance provides you with a monthly allowance following an accident or illness that leaves you unable to resume work.

You determine the insured amount, which cannot exceed a maximum of 80% of your gross monthly salary and which should fall between a minimum of €1,000 | \$1,250 and a maximum of €10,000 | \$12,500. Benefits will be paid no later than the end of the month in which the insured:

- ▶ Reaches the age of 65
- ▶ Deceases
- ▶ Resumes work

The amount of the monthly allowance is calculated on the degree or extent to which the insured is disabled and as follows:

- ▶ No benefits will be due for disabilities of less than 33.33%
 - ▶ If the degree of disability is situated between 33.33% and 66.67%, then the amount of the disability allowance will be proportional to the actual disability.

- ▶ If the degree of disability exceeds 66.67%, the amount of the disability allowance will be equal to the amount of the insured allowance.

Additional lump sum benefit if the assistance of a third person is required

If from the beginning of the disability, the degree of Permanent Disability exceeds 66.67% and if the Insured, from the beginning of the disability, requires the assistance of a third person in order to perform the following daily activities:

- ▶ Feeding oneself
- ▶ Dressing oneself
- ▶ Washing oneself
- ▶ Using the toilet or bedside commode
- ▶ Moving around (transferring from a bed to a chair or vice-versa, and ability to move on level surfaces)

the insurer will pay a one-off additional benefit of €25.000 | \$31,250 to the insured.
